Quality Welding Products

MITECH

HF DC TIG / MMA Functions - TIG200 Inverter Welder

Features

- Latest Inverter Technology
- HF Start DC TIG
- Set Pre Gas 0.2s
- Output Current 5-200A
- MMA Output 20-160A
- Adjustable Post Gas 2.5s or 5s
- Latching Trigger 2T & 4T
- Over Current Protection
- Thermal Overload
- 60% Duty Cycle
- Only 7.3KG

WARRANTY 2 YEARS WARRANTY

With Product Registration*

Mitech's TIG200 is a robust inverter TIG welding machine that's high-tech, low cost and portable. High Frequency TIG makes it suitable for a wide range of applications. A machine that's packed with features you can expect from a quality welder The Mitech TIG200 offers you the best of both worlds, small enough to carry, yet powerful enough to get the job done.

The TIG200 characteristics allow quality TIG welding of Steel, Stainless steel, Titanium as well as copper and nickel alloys. Mitech have developed a machine with just one simple adjustment dial. Easy to set paramaters with only 3 adjustments! Set your current to preferred amperage, Post flow adjustment switchable from 2.5 seconds to 5 seconds and a choice of either 2T or 4T trigger operations and you're away! With the added MMA function this machine can be used as a simple caddy arc on site or a HF DC TIG all in one.Thermal and voltage overload protection. Low noise fans for quiet and smooth operation. The TIG200 is a professional machine suitable for various applications including Stainless steel fabrication, site welding, repair and maintenance or projects at home.

Package Includes

- Mitech TIG200 Machine
- 4Mtr SR26 TIG Torch
- 3Mtr Earth & Arc Leads
- Tungstens, Ceramics & Collets
- Gas Hose
- Argon Regulator
- 15A Plug

Optional Accessories

- Argon Regulator
- Welding Helmets
- TIG Filler Wire
- TIG Consumables
- TIG Gloves
- Flexi TIG Heads
