

MMA / Stick - MMA140 140Amp Inverter Welder

Features

- Latest IGBT Inverter Technology
- DC MMA / Stick
- Output Current 30 - 140A
- No Load Voltage 60V
- Over Current Protection
- Thermal Overload
- Generator Compatible 6.5Kva
- 60% Duty Cycle
- Only 4.5KG
- Low Noise Fan

Mitech's MMA140 is a robust inverter MMA/Stick welding machine that's high-tech, low cost and portable. A machine that's packed with features you can expect from a quality welder. It's excellent arc stability provides easy operation in all positions for both MMA and Scratch arc Tig welding. It's compact size and portability makes it suitable for a wide range of applications.

The MMA140 offers you the best of both worlds– small enough to carry, yet powerful enough to get the job done. The MMA characteristics allow quality Arc welding with a widerange of electrodes ranging from 1.6mm- 3.2mm GP & low hydrogen electrodes. Also the ability to scratch start TIG weld steel, Stainless steel, titanium as well as copper and nickel alloys. Low noise fans for quiet and smooth operation. The MMA140 is a professional machine suitable for various applications including Stainless steel fabrication, site welding, repair and maintenance or projects at home.

Package Includes

- Mitech MMA140 Machine
- 3Mtr Twist-Lock Stick Lead
- 3Mtr Earth Lead
- 10Amp Plug

Optional Accessories

- Carry Case
- Scratch TIG Torch
- Welding Helmets
- Stick Electrodes
- TIG Consumables
- TIG Wires
